

# SPEAR

SEARCH AND RESCUE

## We Got Our Number!!

After months of waiting for the commission, SPEAR SAR is now officially a registered charity. No: 1177543

In early March, 3 months after we applied the charity commission requested further information from us to ensure that SPEAR had been set up with enough thought and planning and the trustees rose to the occasion magnificently. We held extra meetings and everyone pulled their weight answering the extra questions. In no time at all, the commission got back to us confirming our registration and expressing how impressed they were with the depth of our responses. We are immensely proud of the hard work that everyone put in but now the real graft begins. The team is in the process of opening a bank account, the social media sites are up and running, we're working on kit acquisition and have our first event booked. It's onwards and upwards from here!
